SO GOOD

Thanks so much for getting in touch!  
Let your micro wedding love story start here...

Ask me anything you want... I don't bite :)

If you hadn't noticed already I am obsessed with capturing London micro weddings! Small and intimate absolutley does NOT mean less joy and style - quite the opposite!

We LOVED our micro and I will forever cherish having the chance to have an intimate wedding of 8 guests the year before our 'big day'.

If you are looking for timeless romance and editorial style captured in your micro wedding then I'm the girl for you.

## LOVE NOTES FROM THE BEST PEOPLE

Wow, what can we say... From the moment we saw Sammy's work we knew she was the one for us...Our wedding gallery blew us away, we can't actually believe we look SO good and it's all because of Sammy. She was warm and friendly and guided us and our guests just at the right times. Honestly we could not have wished for anyone better. Thank you from the bottom of our hearts!

# HERE TO CAPTURE WHO YOU ARE

My style...

This is where you guide me. The energy you give me generally leads my approach. I have learnt over the years that not one couple is the same - everyone is beautifully unique. I listen to who you are and what approach you need me to bring to your wedding.

If you and your guests are shy and very calm I shall be more gentle and discreet. If you are vibrant and super fun, I can get more involved with photography and your guests. If you want an editorial vibe then I will seek out the best 'magazine worthy' shots for you and add more style and creativity.

Ultimately it's so important to me to capture your day offering true reflection of who you are and how you want your gallery to feel like.

# FREE MICRO WEDDING TIMELINE GUIDE

*Sharing my  
experience with you*

When you book me, you will receive an example timeline.

With so much experience with town halls I want to help my couples with their plans. Town halls run to meticulous timing and it's super important you arrive on time, not too early and definitely not late. Given the nature of the civil wedding set up I find my timeline guide really helps put couples to ease and illustrates all I am able to capture even in a short booking.

## LOVE NOTES FROM THE BEST PEOPLE

# WHAT TO EXPECT

---

## HOW BOOKING WORKS

If you have decided on how many hours you would like, simply get back in touch and let me know which package you would like to go for.

I will send you a photography contract along with an invoice to secure the date.

Once the contract has been e-signed and the deposit has arrived then your special day will be booked in my diary!

## BEFORE, DURING, AFTER

Once you are booked in and after receiving your free wedding timeline guide, you simply need to enjoy your planning and the lead up to your big day. I will be here anytime for you if you have questions.

Closer to your wedding I send you a questionnaire to return to me. This will give me a much clearer insight into your wedding itinerary and special photo desires.

On the day, my approach is gentle and non-intrusive. I offer direction for family and couple photos so you feel totally guided at the right moments of your wedding day. It's imperative to me that you focus solely on having the best day of your lives and that photography is simply there to compliment it and not take over.

I like to send previews instantly so you can enjoy them whilst still in your wonderful wedding bubble. The full gallery will be about 6 weeks after your wedding.

*forever*

# FREQUENTLY ASKED QUESTIONS

---

## CAN YOU HOLD OUR DATE WITHOUT A DEPOSIT?

As much as I would love to, enquiries come in regularly and it gets hard for me to keep dates in the diary available. A security deposit is needed to fully secure your date.

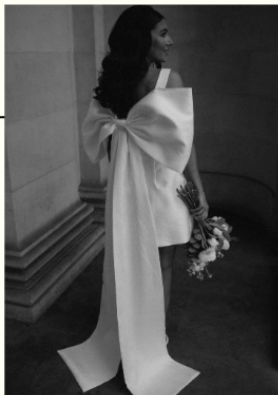

## DO YOU MEET US BEFORE THE BIG DAY?

Due to such a hectic schedule I don't get much time to travel for face to face meetings however I am still fully invested in all the important and small details that you have been carefully planning. A month prior to your wedding I email you a questionnaire about your final timings and your photo requests.

Your dream wedding details mean everything to me.

## HOW BUSY DO TOWN HALLS GET?

In all honesty, the dynamic of a town hall can be a little overwhelming for a couple when you are told there could be multiple weddings every 30 mins - but don't worry I have SO much experience and know most of the staff very well at the London Town halls. We all communicate behind the scenes to allow for our couples to have the most smooth and pleasant experience without feeling rushed or less of a priority to anyone else. It's key to hire someone who is familiar with this process to help guide you when and where to go and making sure you get those all important and iconic town hall shots.
