A LOVE

SO GOOD

---

Thanks so much for getting in touch!  
Let your photography love story start here...

I have shot over 400 weddings in the UK & abroad over 11 years.  
Ask me anything you want... I don't bite :)

From having married my husband twice (town hall and destination wedding) I bring an extra level of care and sincerity in my approach to my couples. I appreciate that the entire experience can be overwhelming but let me help eliminate the pressure and book someone you can trust to capture your day just as you imagined.

If you are looking for authentic moments, romance, fun and style captured in your wedding then I'm the girl for you.

## LOVE NOTES FROM THE BEST PEOPLE

Wow, what can we say... From the moment we saw Sammy's work we knew she was the one for us...Our wedding gallery blew us away, we can't actually believe we look SO good and it's all because of Sammy. She was warm and friendly and guided us and our guests just at the right times. Honestly we could not have wished for anyone better. Thank you from the bottom of our hearts!

# HERE TO CAPTURE WHO YOU ARE

My style...

This is where you guide me. The energy you give me generally leads my approach. I have learnt over the years that not one couple is the same - everyone is beautifully unique. I listen to who you are and what approach you need me to bring to your wedding.

If you and your guests are shy and very calm I shall be more gentle and discreet. If you are vibrant and super fun, I can get more involved with photography and your guests. If you want an editorial vibe then I will seek out the best 'magazine worthy' shots for you and add more style and creativity.

Ultimately it's so important to me to capture your day with a true reflection of who you are and how you want your gallery to feel like.

# WHAT TO EXPECT

---

## HOW BOOKING WORKS

If you have decided that I am the one for you, simply get back in touch and let me know which package you would like to go for.

I will send you a photography contract along with an invoice to secure the date.

Once the contract has been e-signed and the deposit has arrived then your special day will be booked in my diary!

## BEFORE, DURING, AFTER

Once you are booked in and after receiving your free wedding guide, you simply need to enjoy your planning and the lead up to your big day. I will be here anytime for you if you have questions.

Closer to your wedding I send you a questionnaire to return to me. This will give me a much clearer insight into your wedding itinerary and special photo desires.

On the day, my approach is gentle and non-intrusive. I offer direction for family and couple photos so you feel totally guided at the right moments of your wedding day. It's imperative to me that you focus solely on having the best day of your lives and that photography is simply there to compliment it and not take over.

I like to send previews instantly so you can enjoy them whilst still in your wonderful wedding bubble. The full gallery will be about 6 weeks after your wedding.

*forever*

# FREQUENTLY ASKED QUESTIONS

---

## CAN YOU HOLD OUR DATE WITHOUT A DEPOSIT?

As much as I would love to, enquiries come in regularly and it gets hard for me to keep dates in the diary available. A security deposit is needed to fully secure your date.

## DO YOU MEET US BEFORE THE BIG DAY?

Due to such a hectic schedule I don't get much time to travel for face to face meetings however I am still fully invested in all the important and small details that you have been carefully planning. A month prior to your wedding I email you a questionnaire about your final timings and your photo requests.

Your dream wedding details mean everything to me.

## HOW CAN YOU MANAGE CAPTURING EVERYTHING ALONE?

Having shot over 400 weddings in over a decade alone I have ample experience in making sure I don't miss a thing. With some careful planning and communication I can capture multiple locations, and every element of your day. Second shooters are a wonderful help and certainly come in handy for larger weddings (over 200 guests) and if your locations are far apart. Feel free to ask me for a full wedding gallery so you can see how much I capture.
